Dr. Victor Scerri.

President,

Pharmacy Council

Melita Street,

Valletta.

Dear Dr. Scerri,

In view of the introduction by the University of Malta of the MPharm degree, which shall be the entry level qualification to the profession of pharmacy, the Chamber submits that the Pharmacy Council favourably considers the issue of a certificate of equivalence to all registered pharmacists having as qualification a PhC, BPharm, BPharm (Hons) to date up to BPharm (Hons) graduates in 2015.

I trust that the Pharmacy Council would favourable consider such a concrete reassurance to all licensed pharmacists having the above-mentioned qualifications.

Kind regards,

Yours sincerely,

Mary Ann Sant Fournier
